Civil War Revisited

Photos, D.C.J.

Action on our cover and on page 44 was captured as events of one battle of the Civil War with great local significance was reenacted at Fort Phoenix this past weekend. The 54th Regiment and Confederates are realistically portraying events in this skirmish that culminated in an attack on the fort. The actual fighting took place at the South Carolina's Fort Wagner in July 1863. This link of history commemorates the valor of William Carney, winner of the Congressional Medal of Honor. The whole show was mounted by Company B, Third Regiment Heavy Artillery, Massachusetts Volunteers. The historical reenactment continued over Saturday and Sunday and culminated with Sunday's capture of the fort.

Members of the Carney Lodge of New Bedford played the roles of the 54th Regiment which was the first black regiment of the Civil War. Carl Cruz was in the role of ancestor William H. Carney, New Bedford native.

The battle scenes were watched by a spectator group that varied throughout the 2 days and various clashes but all had the impression of being close to the action as in "you are there" back in history. The smoke, the confusion, the roar and flash of the cannon all contributed to the realistic tableau that unfolded as the action ebbed and flowed. More than 175 gathered from New England and from southern states to participate as troops.

Selectmen's Meeting

CLUB GAZEBO HEARING SET

Selectmen will notify Graffiti Inc. that the liquor license held by that establishment will be cancelled if the club is not back in operation by October 31st. The club which had recently been in operation as Club Gazebo closed August 31st after disagreement between the owner of the building and the lease holding corporation, both parties being members of the same family. Selectmen, acting as licensing board, may cancel the liquor license if the establishment is not in operation for a period of longer than a month.

Mr. Jay Souza, at the time of the closing, said that he wishes to sell the business and was operating it with Frank Tello as manager until a buyer could be found.

RESIGNATIONS

Lawrence A. Fogg submitted a written resignation from the Council on Aging. A letter of appreciation for his service will be sent by Selectmen.

Daune Smith sent a letter of resignation from the Registrar of Voters of Mattapoisett. Mrs. Smith said that she is now employed teaching in Rochester and doesn't have the time to devote to the position.

Mrs. Smith, as Republican Town Committee President, submitted the name of Laura Cook as replacement on the Board of Registrars. Selectmen voted to name Mrs. Cook of 28 Park Street to the board.

COUNCIL ON AGING APPOINTMENT

Melvin A. Miller was voted a member of the Council on Aging.

STUDY MEETING SET

A notice was received from Tighe & Bond of the third public meeting on the Mattapoisett Water Pollution Control Study. This meeting will be held on Thursday, October 21st, at 7:30 p.m. in the Town Hall.

Marion Seniors

The Marion Seniors will meet on October 14 at the Marion Congregational Church Community Center at 1:30 p.m. "Egypt", the land of the Pharaohs" will be the topic of the slides to be shown by Joseph Stone in conjunction with Cranberry Travel. Since not many of us have been to Egypt this will be a great opportunity to learn about it.

There will be a food sale with Anne Jensen and Bertha Broomhead as co-chairmen, the food to be provided by members whose names are included in the first of the alphabet, A-M.

Tickets will be on sale for the meeting on November 11 which will be a luncheon served under the auspices of Station WROL at 12 noon. We would like to sell 100 tickets so plan to bring a friend.

There are still a few seats in the bus for the 3-day trip to Vermont starting on October 18. Call Herb Jensen, 758-2501, for information.

Mrs. Emma Mead and her committee will serve refreshments for the October meeting.

Show Biz vs. Communication

Editorial, D.C.J.

Wednesday, passersby in Marion who chanced to read the outside bulletin board on the south side of "In Stitches" saw the philosophy of the Republican party in a few well chosen, masterfully written words by President Abraham Lincoln. Newell Eames had posted Lincoln's eloquent message.

You cannot bring about prosperity by discouraging thrift. You cannot strengthen the weak by weakening the strong. You cannot help the wage earner by pulling down the wage payer. You cannot further the brotherhood of man by encouraging class hatred. You cannot help the poor by destroying the rich. You cannot keep out of trouble by spending more than you earn. You cannot build character and courage by taking away man's initiative and independence. You cannot help men permanently by doing for them what they could and should do for themselves.

Abraham Lincoln

that the President has to star in - something like performing in a worldwide spotlight without notice.

It strikes me since President Reagan had appeared in such a news conference forum on Tuesday night that the United States has abandoned more than financial responsibility as a nation. We have also abandoned the form and substance of carefully composed thought. We expect our President to be able to deliver a Gettysburg address off the cuff. Even Lincoln had to think about what he was going to say, composing it like a mosaic, crossing out and rewriting. Lincoln was a genius with words but how would he have fared under the lights trying to field an infinite range of subject matter knowing that every word is subject to instant interpretation worldwide? Reagan should be at his ease before an audience because of his previous profession but he is not because he is expected to compose incisive and masterful answers with no time to rewrite or to review his thoughts. I wonder if anywhere in this country there is a person with that ability. I doubt it. For this reason we should abandon this kind of circus. This country is too important to the world to decline because the President is not glib with the ad lib.

The fat cats won partly because President Reagan did not have the super human ability to compose an instant masterpiece. It is important for this nation to gain the ability to limit the spending in the Congress of those with self-styled "heart".

No one can comprehend a trillion dollars. Yet, this group has spent the United States into a debt that surpasses this figure. With the loss of the amendment to the Constitution to require a balanced budget, we lost the control of our own ability to survive.

Congressional Diamond Jims continue the spending spiral that feeds upon itself with the interest on the borrowing and matching inflation that destroys the ability of any working family to maintain a standard of living. The power of TV is a tremendous force and the stakes are so vital that I wonder if President Reagan wouldn't be better advised to abandon the press conference forum before such an important vote and appear alone with a few carefully thought-out words composed and corrected on paper. It wouldn't be such great show biz perhaps,

MYSTERY OF FLOWERS, ART OR SCIENCE?

The Mystery of Flowers, Art or Science? Eudoxia Woodward will address this question Thursday afternoon, October 7th, at 3:00 at the Marion Art Center, Marion.

Mrs. Woodward has lectured on the "mystery of flowers" and related topics to many organizations and colleges such as Harvard University and Smith College. She has been a prize winner in juried shows at the Cambridge Art Association, exhibited in the competitive Annual Show at the Parrish Art Museum, Southampton, N.Y. in 1981, and is presently teaching at Habitat Institute for the Environment, Belmont, Mass.

Eudoxia's watercolors and drawings on exhibit at the Marion Art Center through October 20th are the product of her sensitive eye for beauty and her scientific knowledge.

Mrs. Woodward's painting demonstration is open to the public.

The return on All-Savers, CDs and other Money Market investments has fallen dramatically. There's every indication that efforts to force the decline will continue. What's a long-term saver to do?

You can continue to roll over your funds at the new lower rates, paying taxes on CDs and money market interest income as you go, or do what so many have done and take advantage of the benefits of other investments.

Many astute investors are turning to compound interest bonds, a proprietary product developed by Kidder, Peabody and Citibank, N.A. These unique bonds provide compounding of interest income on a tax-free basis so that a $10,000 investment in 1982 at 11% provides over $36,000 in 1994. And like other quality bonds, these are guaranteed by the issuer.

Investors are also examining the Kidder, Peabody special list of utility stocks. These selected issues provide return of capital as a percentage of tax-free dividend income while providing the owner with a capital gain opportunity should interest rates decline further.

Other investors are choosing Unit Trusts, carefully picked portfolios of high-quality, investment-grade municipal bonds. Unit Trusts provide one of the easiest ways to reap the benefits of high tax-free interest, monthly income and with a minimum investment as low as $1000.

Looking to reinvest funds? Contact your nearest Kidder, Peabody office for their solution to your need.

Digest book condensation of John Barron's "KGB's- The Magical War for Peace".

This present peace movement is a movement largely made up of patriotic sensible people who earnestly believe that they are doing what they must to prevent nuclear war. But the author pretty much proves that it is also a movement that has been penetrated, manipulated, and distorted to a great degree by people who have but one aim -- to promote communist tyranny by weakening the United States.

The book authenticates in detail how the Kremlin, through secrecy, forgery, terrorism and fear, has played upon mankind's longing for peace to further its own strategic objectives.

I believe that most of the patriotic participants in this anti-nuclear movement in America will have sober, second thoughts if they will read this revealing book. It is no use for us to fall back on the answer that the petitions and anti-nuclear demonstrations are directed at both United States and Russia, because their only effect will be on the United States -- they will not influence Russia to do anything except carry on its present hypocritical lip-service to disarmament and peace.

Old Hammondtown School

OPEN HOUSE

The parents of the students at Old Hammondtown School are cordially invited to our annual open house scheduled for 7:00 p.m. on Wednesday evening, October 13th. That evening teachers will present an overview of their various subject areas so that parents can feel closer to their child's learning process. Parents will also have ample opportunity to informally meet all members of the staff. The program will conclude with a social period with refreshments provided through the courtesy of the Mattapoisett Parent-Teachers' Club.

The response to this event in the past has been exemplary. I hope that you will take this opportunity to support your child's educational experience by attending our open house.

Early Prevention of School Failure

THE SUCCESS STORY

The Tri-Town Marion, Mattapoisett and Rochester Elementary Schools' Parent and Teacher organizations are sponsoring an evening with Luceille Werner, innovator of the Early Prevention of School Failure. Set aside Tuesday, October 19th, at 7:30 p.m. in the Old Rochester Regional Junior High cafetorium for a most enlightening evening. This program is presently being instituted in our schools. If you have a child in kindergarten or will have in the future, please plan on attending. Also, this concept follows throughout the elementary grades. Therefore, we invite all parents to come and enjoy this presentation.

Mattapoisett Brownie Activities

All Mattapoisett Brownies who are going on the day trip to Camp Wind-in-the-Pines on Saturday, October 9th, are asked to meet at Center School at 10:00 a.m. The girls should wear warm clothes and sturdy shoes and troop leaders must have their signed parental permission slip. Pick-up will be at the school at 5:00 p.m.

You And Your Heart

Triumphs In Science

During the last three decades, extraordinary progress has been made in cardiovascular medicine. Remarkable advances have been

Take heart: a new pill has been devised to ease the anguish of angina.

For example:

- Cardiac catheterization. A thin, plastic tube passed through a vein or artery through the heart valves into the heart chamber enables physicians to measure pressure, take blood samples and inject opaque dyes which when X-rayed reveal irregularities or abnormalities.
- Angiocardiography. X-ray opaque fluid is ingested into the heart chamber while high-speed pictures record the dye's passage to outline valve damage, heart defects or blood vessel disorders.
- Angina Pectoris treatment. A new anti-anginal drug, Susadrin Transmucosal Tablets, is the only available form of nitroglycerin that combines fast action and prolonged duration of effect. It starts working in as little as three minutes and lasts up to five hours.
- Angioplasty. The blood vessels are mechanically or surgically dilated to enable sufficient flow of blood necessary for efficient functioning.
- Vectorcardiography. A "stereo" version of electrocardiography that records three dimensional information about injuries to the heart.

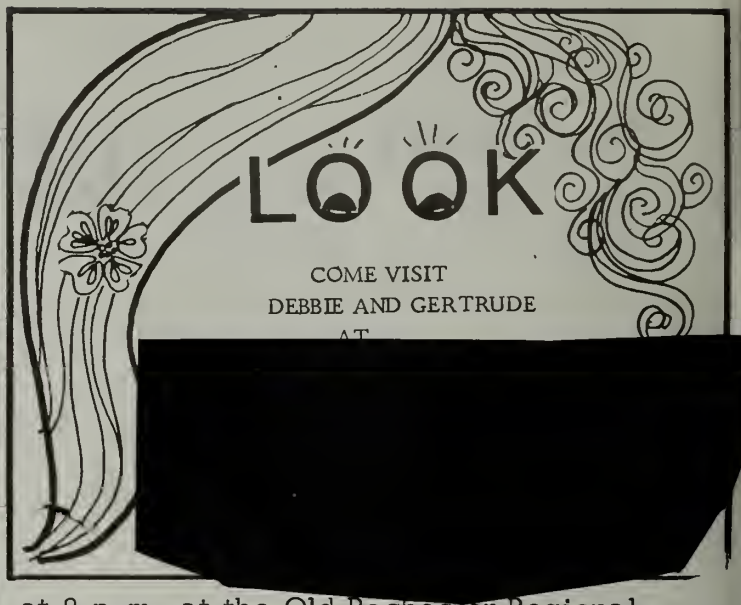
Army Band Concert

215th BAND AT ORRHS

An interesting and entertaining evening is promised for all the family by the famed 215th Army Band at their concert to be held



at 8 p.m. at the Old Rochester Regional High School Auditorium on Friday night, October 15th, under the sponsorship of the Marion Lions' Club.

The 215th Army Band, which has been active since World War II, is composed of professional musicians and educators who come from as far away as Vermont as well as Cape Cod and nearby areas. Their program will consist of popular, martial music as well as special presentations such as a choral group, sing-alongs, the jazz octet and the well-known Color Guard Presentation. The 215th has been the winner of many awards, including the General Dwight D. Eisenhower, the Guard's Excellence in Training, and the Pershing Trophies.

Tickets are now on sale from members of the Marion Lions' Club and also at the following stores in Marion: Marble Hardware, The Wee Greenery and the Marion Pharmacy; and the Mattapoisett Pharmacy in Mattapoisett. Proceeds of the concert are designated for the Massachusetts Lions' Eye Research Programs. The public is cordially invited to attend.

When you think of owning a new car is this the new car you think of owning?

A lot of people take one look at the rates for an auto loan and say, forget it. But here at Fairhaven Savings the rates are the lowest they've been in months, so maybe you can afford the car you really want.

Particularly since we ask for only 20% down. As opposed to 30% at many other places. And you have four years to pay. Not three. Once you have filled out the application, you can get the cash in 24 hours. We even have a telephone hotline to call to get the wheels turning. Call 999-7000.

Look at it this way. Now that Fairhaven has brought down the rates, all you have to do is come up with the car.

Rochester Youth Hockey

FREE SKATING INSTRUCTION

The Rochester Youth Hockey Association cordially invites parents of youngsters, ages 5-12, to take advantage of its special October free skating instruction. For four consecutive Saturdays during October children in the towns' elementary schools can learn to ice skate properly under the careful tutelage of RYHA instructors.

October 2 and 16 have been reserved especially for youngsters in grades K-3; October 9 and 23 for those interested boys and girls in grades 4 to 6. Time is 4 to 5 p.m. at Hetland Arena in New Bedford.

Beginning October 30th RYHA will begin a regular series of Saturday hockey clinics for those youngsters who wish to pursue the game of hockey more seriously.

Parents who are interested in RYHA's fall free skating program or the hockey clinics are asked to telephone either Charlie Kelley (758-4426), Jerry Smith (748-0855) or Woody Hartley (763-2463).

STUDENT AFFAIRS COMMITTEE NAMED

Each year the students of the Old Rochester Regional Junior High School elect representatives to the Student Affairs Committee. In order to win, election candidates participate in a week-long campaign featuring poster making, public speaking, and a videotape debate. At the conclusion of the campaign, four students are chosen by their classmates to represent each team.

FALL FOLIAGE WALK

Have you ever wondered how leaves change color in the Fall? Join Director Alan Hankin for an exploratory walk about autumn's colorful foliage on Sunday, October 10th, at 1:30 p.m., at the Lloyd Center for Environmental Studies, 430 Potomska Road, South Dartmouth.

As we walk the trails at the Center, our discussion will revolve around how leaf color is produced, why some trees shed leaves and others don't, and the contribution to the soil made by these fallen leaves each autumn.

Weekly Walks at the Lloyd Center are open to the public, and are free of charge. Please call the Center at 990-0505 for further information. The Lloyd Center grounds are open from dawn to dusk every day.

Children's Museum

FIELD WALK - OCTOBER 9th

The season of Fall is upon us, but before the last sounds of summer's crickets are heard, we can still enter the fascinating world of insects, discover their hiding places and observe their habits. Migrating butterflies add their color to the changing landscape and fruit eating insects dine on a harvest of berries, apples, peaches and grapes. Please join the Children's Museum at the Gulf Hill Site on Saturday morning, October 9th, for discovering "INSECTS OF FIELD AND FOREST". The walk starts at 10:00 a.m.; all ages are welcome; free.

SATURDAY PROGRAM-"RESPECT FOR PETS"

Many of us who own pets may not be aware that we are inadequately caring for them. Not enough space, ventilation or sunlight are things we sometimes forget about when providing for our pets. On Saturday, October 9th, prize-winning 4-H'er Christian Rezendes of North Dartmouth will bring in his present menagerie of animals and talk about how he cares for them. Also, the second half of our program will feature David Medeiros from the New Bedford Animal Rescue League whose job it is to rescue animals who are not being properly cared for, or are abused and neglected. Mr. Medeiros will relate some of his experiences involving this aspect of his work, and animals from the Rescue League will also put in an appearance. This program, "RESPECT FOR PETS", is open to all ages, starts at 2:00 p.m. and will be held at the Gulf Hill Site. There is a small admission charge for non-members.

BIRD SEED SALE

The Children's Museum's first Bird Seed Sale for the season will be held on Saturday, October 16th. Stock up early for the cold winter ahead and help the Winter birds survive the toughest months of the year. Orders are now being taken for Sunflower seed, mixed Wild Bird seed, Black Sunflower, Cracked Corn, Sunflower Hearts, and Thistle seed. Please call 993-3361 for more information. Ordered seed can be picked up in the Gulf Hill Parking Lot on October 16th. Proceeds from our four Bird Seed sales help to fund the Museum's educational programs.

Thornton W. Burgess Society

NEW CUP PLATE

The Thornton W. Burgess Society is proud to announce that Old Mrs. Possum has arrived on her own cup plate as the newest addition to the Burgess Animal Series and in a special new color - peach. The cup plate design by Al White of Sandwich features Old Mrs. Possum out for a stroll, toting an umbrella and wearing a southern style dust cap and kerchief over a printed dress. One determined youngster hangs upside down from her long tail, while others are tucked securely in her apron. Tupelo tree branches and leaves form the border of this delight-

The new cup plate will first be available to members of the Society on Friday evening, October 15, at the Sandwich Elementary School, Route 130 in Sandwich. "Look What I Found" with Marshall Case of the National Audubon Society will be the featured program to begin at 7:30 p.m. Mr. Case will present his slide show and talk on sick, injured and orphaned animals and what we can and should do for these creatures.

"MRS. POSSUM'S PARTY" will be celebrated at the Burgess Museum, Water Street, Sandwich, on Saturday, October 16, from 10 to 4 and on Sunday, October 17, from 1 to 4. The public is invited to join in welcoming this newest cup plate and share a cup of "peach possum punch" and a "possum pocket cookie". Admission to the Museum is free.

In addition to the new peach color, Old Mrs. Possum will be colored amber, amethyst, copper blue, cobalt or clear.

at the Bronspiegel Auditorium, New Bedford High School. This will be the first American chamber group to perform for the Concert Series in many years. Heretofore, ensembles from Amsterdam, Prague, and other European musical centers have been featured in this series.

Solisti New York is a young orchestra, having been founded as recently as 1980. Its members play in or have played in New York's finest orchestras and chamber ensembles such as the New York Philharmonic, the Metropolitan Opera, the New York City Opera, the American Ballet Theater, the New York City Ballet, the Orpheus Ensemble and the New York Pro Arte Chamber Orchestra. Until this year, Solisti New York has concertized almost exclusively in the New York area, but in the 1982-83 season will appear in twenty cities of the eastern United States and Canada.

The conductor of the chamber orchestra is one of America's finest young musicians, Ransom Williams, who enjoys, in addition to his conducting fame, a most enviable reputation as one of America's finest flautists. His many appearances and recordings with his friend and mentor, Jean-Pierre Rampal, have received high praise. Mr. Wilson will appear as soloist at the October 7 concert.

In keeping with the policy of the last several years tickets for this concert will be sold at the door on the night of the concert.

CONCERT SERIES CAMPAIGN CONTINUES

Old and new subscribers to the concerts of the Greater New Bedford Concert Series are urged to send in their subscriptions immediately to the Gr. N.B. Concert Series, P.O. Box 28, So. Dartmouth, MA. 02748. If they do so, they will be able to attend the first concert of the new season on October 7th at the New Bedford High School. At that time the chamber ensemble, Solisti New York, conducted by Ransom Wilson, will be presented. Later presentations will be Markus Stocker, cellist, February 15th; and Randall Hodgkinson, pianist, April 21.

For several years now there has been no increase in subscription prices even though artists' fees have accelerated sharply and other expenses have nearly doubled. It is necessary that the music-loving public give maximum support to these concerts if they wish them to continue. Regular season memberships are $15.; membership for subscribers eighteen and under, $5.

Services to Nursing Home Residents

TWIN Services works on behalf of nursing home residents. Because lack of transportation prevents them from participation in many of TWIN's programs, TWIN is having a campaign to raise money to buy a mini-van for this purpose. Margaret Sisson, 16 Lyng Street, North Dartmouth, is in charge of collecting all kinds of redeemable stamps and coupons, such as S&H, Gold Bond, Betty Crocker, cigarette coupons, Top Value, and all others. Please help us to achieve our goal and send your coupons to her or drop them off at TWIN Center, 404 Elm Street, South Dartmouth.

SPAGHETTI SUPPER

TWIN Services is repeating by popular demand its previously successful fund-raising Spaghetti Supper on Saturday, October 23rd, from 5:00 to 8:00 p.m. at St. Mary's Parish Center, Middle Street, South Dartmouth. Advance tickets may be obtained by calling TWIN's office at 996-3395 between 9:00 and 12:00 Monday through Friday. TWIN works on behalf of nursing home elderly to provide emotional support and a more normal and fulfilling life.

TWIN SERVICES NEEDS VOLUNTEERS

TWIN Services needs volunteers in several areas to provide its services and programs to nursing home residents.

YMCA CLOSES

The New Bedford YMCA will be closed October 11, Columbus Day, and reopen Tuesday, October 12th, as scheduled.

TINY TOT CLASSES

The New Bedford YMCA Aquatic Department has set October 12 - 16 as registration for the next session of Tiny Tot swim lessons. Classes will start October 19 and meet twice a week for 5 weeks. Both morning and early evening class times are offered.

Parent and Tot sessions are for children between the ages of one month to 3 years. The class will help the child become accustomed to the water and its buoyance, and learn basic water skills.

Children between the ages of 3 and 5 years participate in Instructor and Tot sessions. These classes teach the child how to breathe, a modified crawl stroke, jumping, diving, and floating.

At the final class, the parents will be offered basic non-swimmer pool safety skills. Early registration is advised since there is a limit of 12 students per class.

For more information on this and other aquatic programs call the New Bedford YMCA at 997-0734.

NEW CLASSES

YWCA is accepting registrations for the following classes:

Japanese Calligraphy, the art of writing Japanese ideograms with brush strokes, taught by Ayako Miyata Rooney, will begin on Monday, October 18, from 7 to 9 pm.

International Cooking, which also begins on October 18 from 9:15 - 11:15 a.m., will feature Portuguese, Polish, French, Italian, Greek and Cape Verdean cooking.

Parenting Workshop begins on Tuesday, October 19, from 7 to 8:30 p.m. Topics will include building positive relationships, importance of communication skills, exploring alternatives, developing confidence and potential, and understanding children in an era of change. The Parents Handbook is required for which there is a charge.

Relaxation and Breathing begins on Wednesday, October 20, from 9:30 - 11 a.m. and 8 - 9:30 p.m.

Advance registration at the YWCA, 66 Spring Street, New Bedford, is required for all YWCA classes.

ART EXHIBIT

Portraits, still life and animal illustrations in oil, watercolor and mixed media by Laure Lowell will be displayed in the YWCA lobby during October.

Ms. Lowell has taken courses at Brockton Art Center and attended Swain School of Design.

The lobby is open from 9 a.m. to 9 p.m. Monday - Friday and 9 a.m. - 5 p.m. on Saturday.

Guest Artist Series

The music department of Southeastern Massachusetts University will continue its traditional Guest Artist Series of midday recitals on alternating Thursday afternoons in the Recital Hall (Room 153) of the College of Visual and Performing Arts. All recitals will begin at 12:30 p.m. and will be free to the public.

The first recital of the series on October 7 will feature Akal Dev K. Khalsa (Sharon Zuckerman), flutist, and Gregory Hayes, harpsichordist. The program will consist of works by Telemann and J.S. Bach.

Khalsa received her musical training at the High School of Music and Art in New York City, City College of New York, and the New England Conservatory of Music where her teachers included Julius Baker, Samuel Baron, Christian Larde, and Robert

Parkwood Hospital

NEW PUBLICATION

As part of its ongoing public education program, Parkwood Hospital has introduced a new, common sense quarterly publication, FOR YOUR GOOD HEALTH. Available as a public service at no charge, the four-page newsletter is a response to the public's increasing awareness that personal health habits directly affect good health.

Recognizing the importance of the individual's role in personal health maintenance, FOR YOUR GOOD HEALTH contains practical information about simple and effective steps everyone can take to preserve or improve his health. Topics covered in the first issue include bronchitis, hair, periodontal disease, and some good safety tips for hobbyists. Future articles will discuss such subjects as asthma, lung cancer, foot care, and general anesthesia as well as explanations of the uses and actions of various drugs, to name just a few.

Subscriptions are available at no charge by simply calling the Public Information

"Second City" at SMU

The national touring company of the comedy troupe "Second City" will stop at Southeastern Massachusetts University for a performance on October 13 at 8 p.m. in the main auditorium.

"Second City", which spawned such stars as Bob Newhart and Joan Rivers, started in Chicago in 1959 as a continuing improvisational comedy revue. In 1961 the show had its Broadway debut. By 1967 the demand for performances around the country necessitated the creation of national touring companies.

Then in 1976 the "Second City" produced its own series, "SCTV", a satirical look at a day in the life of a "typical" television station. The descendant of that series won

SMU Alumni

Southeastern Massachusetts University's Alumni Weekend will take place on October 15, 16 and 17. The three-day festivities will feature a men's and women's golf tournament, the 25th reunion of the class of 1957, a record hop, a Chi Delta Phi sorority luncheon, an Oktoberfest party, an alumni volleyball challenge game, a family field day, a gala dance, the president's reception for the reunion classes, a gathering of the Pioneers' Society (class of 1952 and earlier), and the 13th annual awards dinner. Attending the Pioneers' Society get-together will be graduates from the 1920's and 1930's.

Intercollegiate sports scheduled for Saturday are a double-header baseball game between SMU and Assumption College, a men's soccer game between SMU and Eastern Connecticut College, the SMU Invitational Volleyball Tournament, and a cross-country meet.

Awards to be given at the annual banquet are: the University Achievement Award to Donald E. Walker on his tenth anniversary as president of SMU; the Personal Achieve-

Carney, '73, and Julien F. Paul, '47, for their work as representatives of the alumni on the SMU Board of Trustees.

"The directors of the Alumni Association have tried to bring more excitement to the weekend by scheduling a broader variety of events than ever before," said Robert R. Saltzman, director of alumni affairs. "Also, for the first time we're holding alumni weekend in the fall, instead of August, when the students are here and there are athletic events going on. This way there's more of a 'homecoming' atmosphere."

marking the end of a successful growing season. It features feasting, games and military displays. It is the forerunner of the modern Thanksgiving holiday.

Issack DeRassier, the secretary of the Dutch Colony, and his entourage will arrive at the Pilgrim Village on Saturday morning, October 9. Cannons will sound the Dutch arrival and Governor William Bradford will formally greet them. Speeches and gifts will be exchanged.

Plimoth Plantation, which re-creates the events of the year 1627 in the Plimoth Colony, is re-enacting the arrival of Isaack DeRassier there for the first time. This will be a major production for the outdoor living history museum.

DeRassier is visiting the English Colony to discuss possible trade agreements and military alliance.

The Pilgrims will show the Dutch oustanding English hospitality with a bountiful feast, dancing, fiddling and games of pillow bashing, running the guintain, nine pins and tug-o-war. The military displays and a contest in swordsmanship will occur each afternoon. Visitors to the Plantation for the festival may join in the games as well.

The Harvest feast will include two courses.

The NANTUCKET SHARPIE is a new wooden sloop designed on Nantucket Island.

The design evolved from the designer's interest in both catboats and the New Haven Oyster Sharpies and characteristics of each have been utilized. The Sharpie was recently seen romping in Newport Harbor at the hands of an intrepid skipper with a south-easterly gusting to twenty five knots.

With a small outboard and a folding dodger she is even capable of camp cruising. This form of sailing is becoming increasingly popular and with a little engineering and planning doesn't have to be wet and uncomfortable either.

Sharpie II is on the drawing board now with just that in mind.

First course includes roast goose, roast ducks, sallet, venison pasties, plum tart, and Jerusalem artichokes. Second course includes chicken, stewed pumpkins, boiled pork with turnips, corncakes, cheese, custard, and furmenty. All cooking will take place in the Pilgrim Village. Some of the villagers will eat at 12:30 p.m., the rest at 2 p.m.

DeRassier and his men will tour the Pilgrim Village and visitors can listen to discussions between DeRassier and Bradford concerning trade and military alliance. Bradford will announce the result of the negotiations to the English colonists on Monday afternoon, the 11th.

DeRassier will leave on Monday afternoon with a cannon volley marking the end of the historic visit.

Toby Tompkins, a professional actor from New York City, will portray DeRassier. Tompkins trained at the Yale School of Drama and HB Studios. His credits include "The Cherry Orchard" on Broadway, many off-broadway productions, commercials and appearances on "The Doctors" and "All My Children", day time television series. He also toured in "The Miracle Worker" and "Come Blow Your Horn".

In addition to authentic English clothing of the period, visitors will see the upper class Dutch richly adorned in black.

The Dutchmen will include Joost Van Den Boogart, portrayed by Peter Trenouth; Wolfert Gerritz, portrayed by Len Travers; and Jan Fongerz, portrayed by Dr. Richard Ehrlich, all of Plimoth Plantation. Other Dutchmen will be Jacob Lourissz and Heindrick Condiut portrayed by John Dellarocco and David Polland, also from Plimoth Plantation.

Plimoth Plantation's exhibits include the full scale replica Mayflower docked at State Pier in Plymouth Harbor, and the 1627 Pilgrim Village and Wampanoag Summer Encampment, located three miles south of

Buyer Beware

FROM THE BETTER BUSINESS BUREAU

"Bait and Switch" selling gimmicks in the sewing machine field are taking thousands of dollars from consumers locally, according to Kerry Saunders, Manager of the Better Business Bureau of Southeastern Massachusetts.

A national multi-million dollar problem, "Bait and Switch" is the practice of advertising a product at a spectacularly low price which the seller is determined not to sell. The purpose is to get the salesman into the home with the idea of selling different, high profit merchandise.

Locally, classified ads have appeared suggesting a top notch brand name sewing machine, normally retailing for much more, can be purchased for an incredible $281. The ad will claim this spectacular saving is the result of a machine unclaimed in a lay-away program.

The machine when shown to consumers runs like a coffee grinder says Saunders. Nevertheless, the salesman always happens to have a new off brand sewing machine in the car "retailing" for just $300.

These off brand machines actually are worth

A few seconds of watch history.
All watches have something in common. They all use something to divide the moments of the day into measurable intervals. The swinging of a pendulum or the moving shadow of the sun are older ways of dividing time. Before quartz watches, a balance wheel inside a wristwatch was used. It swung back and forth very quickly. This motion was used as a time divider. Its power to swing came from the tension of a main spring.

Mechanical Problems.
Watches that use a main spring have many moving parts subject to constant stress. Hard gemstones are placed at stress points to take the wear better. And mechanical watches must be kept wound or they stop working. The main spring in a mechanical watch simply cannot divide time as accurately as is possible with modern quartz technology.

The Quartz Solution.
Science discovered that a quartz crystal oscillates at a stable, high, continuous frequency (exactly 32,768 cycles per second) when an electric charge is applied to it. It meant that the age of the virtually perfect watch had arrived.

Mechanical Watches	Quartz Watches
	Coiled spring needs winding	Battery can last years
	Balance Wheel can lose or gain time	Quartz crystal oscillator for near perfect accuracy
	Moving parts can wear	Solid-state electronics
Accuracy is uncertain	Most dependable accuracy known

The high frequency oscillations are divided in half several times until there is precisely one cycle per second. You will notice that as a result the second hand moves at precise one second intervals.

On analog watches (watches with hands and dials), a tiny electronic motor is activated by these oscillations and in turn moves the second, minute and hour hands. There are few moving parts. And they are not subject to nearly as much wear.

LC (liquid crystal) Digital watches have the same quartz crystals in them. The oscillations, after being halved to one per second, are fed into a microminiature electronic circuit that controls the numbers in the liquid crystal display. And all this is done without any moving parts at all.

Four Important Quartz Advantages you should know.
1. Few if any moving parts minimize the chance of poor service or breakdown.
2. Quartz watches provide accuracy impossible with a mechanical watch.
3. The convenience of no winding ever.
4. Less susceptible to shock, magnetism or temperature problems.
